POPCRATS WANT TO INTERFERE WITH BIG REPUBLICAN PARADE.

Senator Allison to Speak To-Night in Tomlinson Hall—News of the Campaign.

Last week the Journal contained the statement that the Republican county committee had decided upon Saturday night, Oct. 21, as the time for the State rally of the campaign. There was a description of the affair as fully as it could be given so far in advance and before anything but the mere outline of the arrangements had been determined upon. One important item that was given was the full line of march. As the parade will be the largest ever seen in this city by a political organization it will require a great deal of space. Great care was taken to give enough room and to arrange the route so it should not cross itself and thus interfere with the perfection of the demonstration. At the time this parade was conceived and the arrangement considered Chairman Young, of the Republican county committee, remarked that he wanted the arrangements, as far as the parade was concerned, to be determined upon, so as to give the Democrats full warning, that that evening would be used by the Republicans for a big demonstration, which would require the principal streets of the city. Tomlinson Hall had been rented a long time previously to this, and it had been expected that some kind of a big demonstration should be given on the last Saturday night before the election.

With all this warning that the Republicans would have a demonstration that night, the Popocrats seem to have jumped into the parade and are now making preparations for a blow out that night. This was learned yesterday, when the silver men in the employ of the street-car company notified the sound-money club that they would want to go off that night to join the Popocratic parade. The sound money club promptly refused to go off that night, but they had previously made arrangements to march in the Republican parade.

This city is not big enough to hold the parade that the Republicans will give a week from Saturday night, and the Popocrats have been able to gather in this campaign, and will be glad to show them all to you.

Confident of Sulzer's Election.
State Committee member Caskey, of the Fourth district, was in the city yesterday. He says his district is now ready to vote and that he is confident that in the final wind-up Marcus R. Sulzer, who is making the race for Congress against the veteran politician and Congressman William S. Holman, will come out with enough votes to spare some. Mr. Caskey says that Mr. Holman's campaign is the same that he has made in years. He is still arguing points that were pertinent twenty-five years ago, but are now entirely out of date.

McKinley Soldiers Meeting.
